BLUE SAVOY® Grip R11 60x60

FLAVIKER

La versione Grip R11 a spessore 9mm è disponibile in tutti i colori nel formato 60x60, si presta alla pavimentazione delle aree esterne, in continuità con gli ambienti indoor, ma è una soluzione interessante anche all'interno dei progetti SPA & Wellness

Following the idea of each Flaviker project, BLUE SAVOY also offers various suggestions in the catalog on how to lay the product in combination with other materials already in the range.

The wood effect is a perfect combination, able to make the natural feeling of stone more welcoming and "warm".
