The bathroom furniture specialist

Royo®

General  
Catalogue 2023

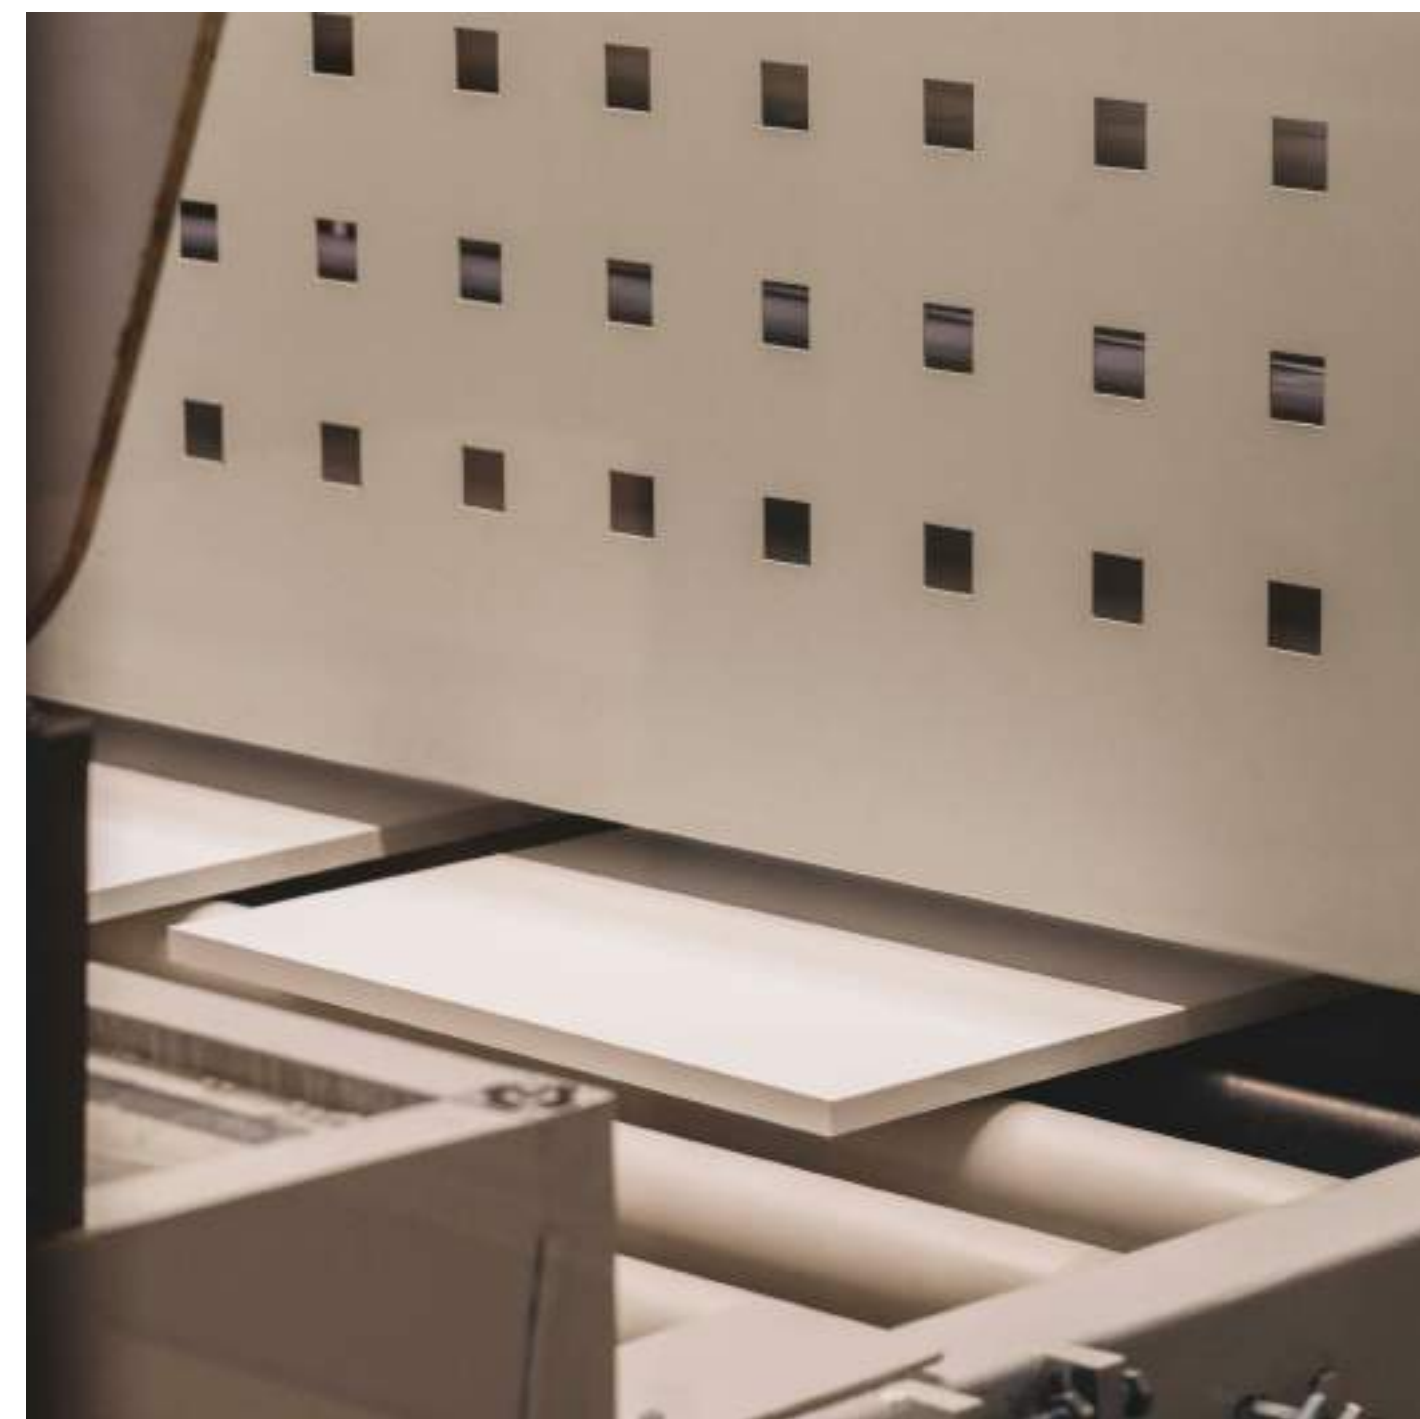

Quality, design, innovation, sustainability, and service encourage the balance of all Royo collections.

# Quality

One of the values of our brand is the high-quality standards we run throughout the entire journey of the product.

Since 2010, the company has implemented the Lean Manufacturing system in all integrated and certified quality processes. After 50 years of experience, we have become the No. 1 manufacturer in Europe.

# Design

We have an in-house design team whose passion for their work makes them to constantly search for new materials and finishes. Their goal is to create new furniture proposals that breathe the latest trends under the parameters of sustainability and functionality to create unique spaces.

# Innovation

Innovation, a path between inspiration and creativity. Innovation is undoubtedly another of the constants that have always marked Royo's path; proof of this are the numerous industrial patents we have in Royo and the best sellers' in different market segments.

Our spirit and customer orientation allow us to work on a continuous improvement, adapting to all changes that the market brings us and to become more efficient and innovative.

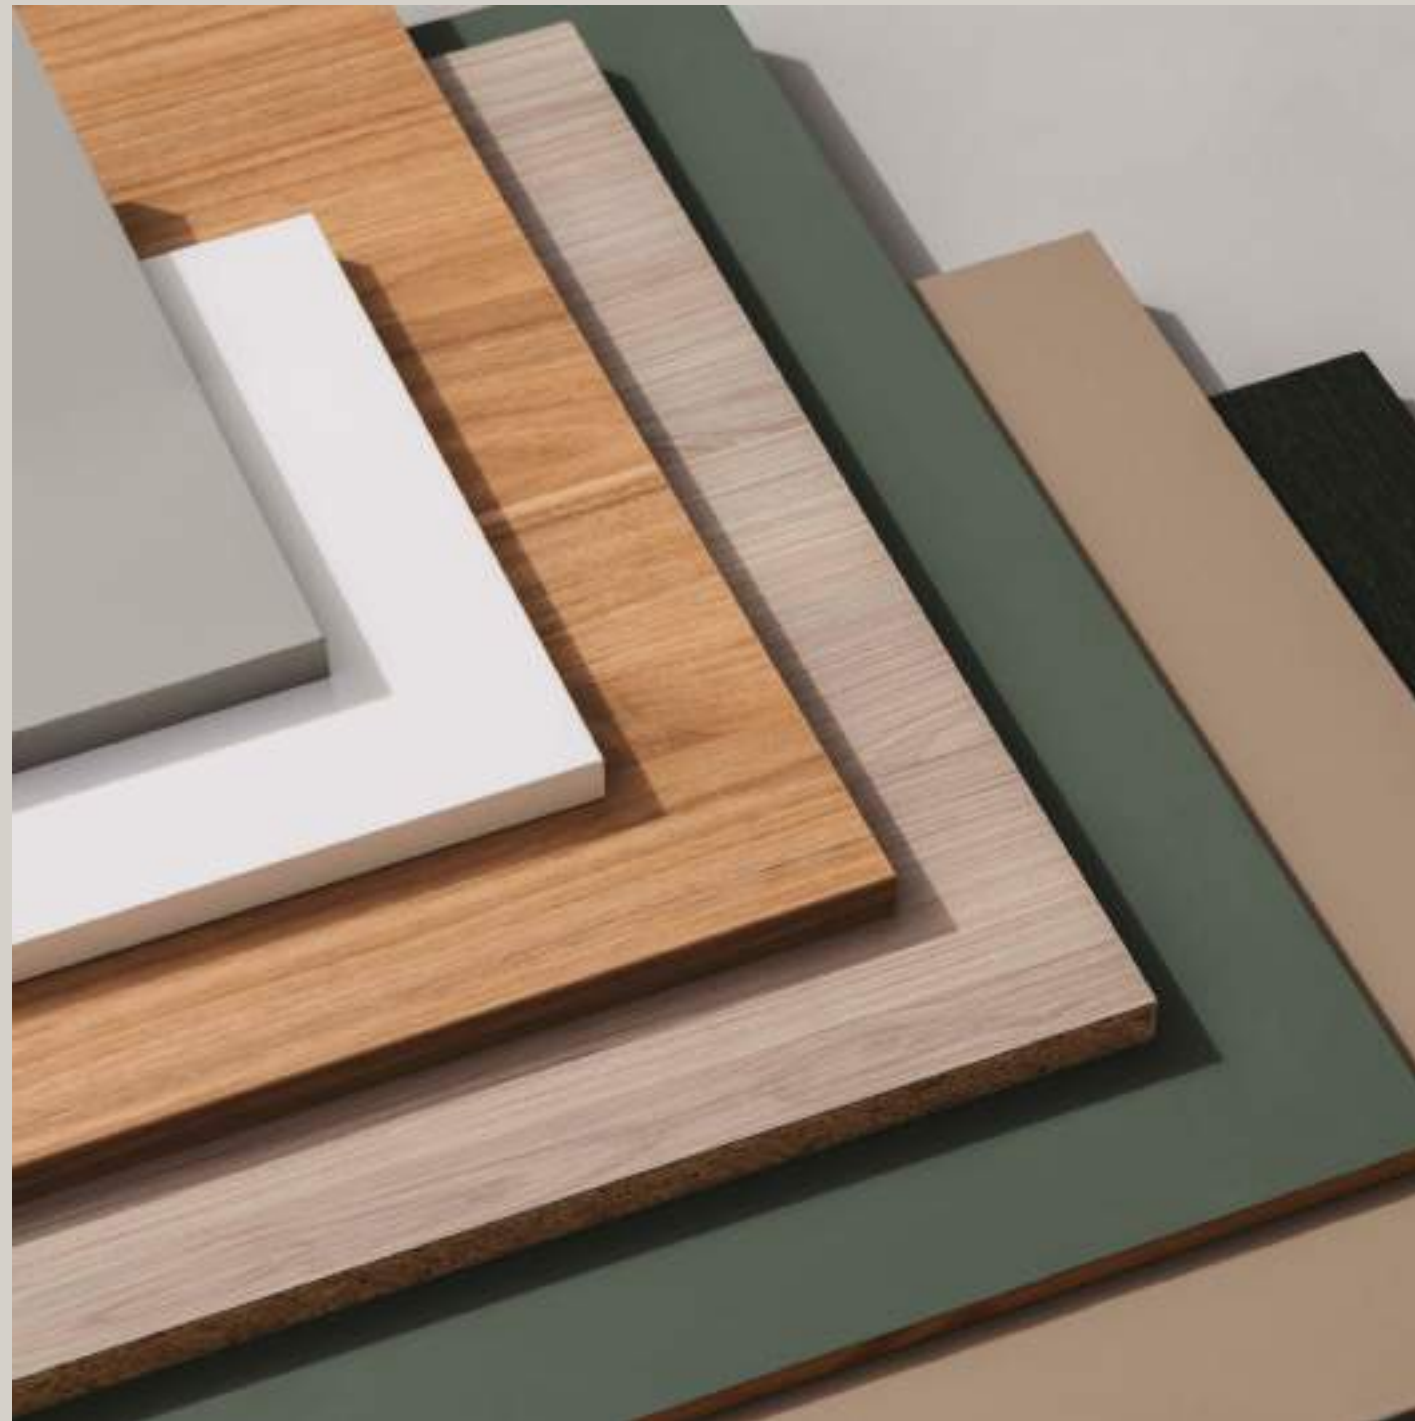

# Sustainability

For Royo brand, the word sustainability is already part of our DNA. Proof of this is the Directory Top per lavabo that has been implemented to achieve our improvement objectives.

We are a brand committed to three fundamental pillars: Environment, Social and Governance. FSC® certificates and social programs to strengthen the company's driving force, the people... Our vision is to leave a better world for future generations.

# Service

We have a specialized customer service in all markets that provides fast and effective solutions. Our value proposition is to offer immediate delivery times in our compact collections, thanks to our continuous stock management.

## What makes it possible for things to work out?

At Royo we make everything fit, bringing our clients the satisfaction of knowing that they have made the right choice. This is our value and we achieve it thanks to our teams, that make everything flow.

We design products based on trends and with creative solutions, we select materials with high quality standards, we manufacture with the latest technology processes and, all of this, with fast and flexible delivery times.
